The above should be expected of every adult and taught to every child and made the human law for all.
If harmers were punished we could have a wonderful world.

Freedom of speech and media safeguards freedom.
Our Constitution and Universal Declaration of Human Rights gives us many Freedoms.
Where they censor speech, information and books they will take away your freedom.

FREEDOM ISN'T FREE, MANY DIED FOR YOURS. We veterans remind you to: Be vigilant and be prepared to fight threats to your freedom. There are many here who are secretly against our way of life. Remember 9-11, Boston massacre, Detroit bomber, Mslm terrorists who nearly caused hundreds of deaths of children and Warren workers in 2026. And over 49,000 Mslm terror attacks since 9-11 worldwide and killing nearly 200 in USA.

And there are the greedy 1% who have excessive wealth dodge taxes, and Corporations who don't pay a living wage. We now have the resources to provide good clothing, food, housing, medical care and education to all citizens..

Abel Warren War hero settled in Macomb County in the summer of 1824. Abel and Sarah Warren were Pioneers in the wilderness. (Thanks to Brandon and Challis Warren) Abel Warren was a pioneer Christian circuit preacher and war hero who became particularly beloved to the early pioneers and was held in very high esteem so much so that the area near the future village of Warren was called Abe's circuit or Warren's circuit. The area was later named Aba Township and on March 26, 1839 it was renamed Warren Township. (Aba was probably his nickname) "I have fought a good fight. I have finished my course. I have kept the faith." Thus reads the stone of the pioneer Christian preacher and war hero who married more of Warren's pioneers and spoke at more of their burials than any other person. He was Rev Abel Warren born August 3, 1789 and died Sept 5,

1862. His great grandfather came across on the Mayflower. His Grandfather Gideon Warren was a Lieutenant in the French and Indian Wars, joining in 1748. "He was one of Ethan Allen's Green Mountain Boys" in Vermont. He became a Colonel of the 5th Vermont Regiment in the Revolutionary War. He was wounded in the battle of Ticonderoga. Abel Warren enlisted and served his country as a soldier in 1812 holding the rank of Sergeant. He was seriously wounded and taken prisoner at the battle of Queens town Heights. Having near death experiences in the war and as a British prisoner made him aware of the value of life. He became a Christian in 1817 and joined the Methodist church. In 1824 he and his wife Sarah became some of the first pioneers in Macomb County settling just north of Warren. He became a deacon and later an elder in the church and was the first man to preach in Macomb County, and "no doubt preached

at more funerals and married more couples than any other man in the county of Macomb, as when well he was always ready at a moment's call for either, frequently leaving the hayfield and going ten or fifteen miles to attend a funeral", on foot as horses in those days were very scarce.

"As a pioneer local preacher, he was abundant in labors, traveling on foot at times twenty-four miles on the Sabbath and preaching three times, and that after a hard week's work on the farm, and preaching as regularly as any stationed, preacher, and spending most of the winters in special revival work, in Macomb, St Clair and Oakland Counties, in which hundreds were converted, thus helping to lay the basis on which rests the magnificent, moral and social superstructure of this beautiful region of country." "He was genial and sympathetic, could weep with those that wept, or rejoice and smile with the cheerful and

happy, and thus was a welcome guest, either at the wedding festival, and the sick-bed or funeral obsequies. He had nine children, four sons and five daughters." Two of his sons entered the ministry a third has an important position in the church. Abel Warren had settled in Macomb County even before Warren Township was settled. The area was all wilderness and abounded in wildlife. While pausing in the woods for a moment of prayer and some local wolves started howling so he held prayer meeting with them. "One Sabbath evening, while passing through the woods over an Indian trail, he saw just ahead of him a huge bear. The animal seemed inclined to dispute the right of way; without apparent fear, the traveler picked up a stick, saying, 'If you be good, I will, but otherwise we will try titles.' The bear stepped aside and the Elder pushed forward on his journey." From the History of Macomb County. Leeson

1882 p 739.

"The first or second sermon ever delivered in Lapeer County was preached by 'old Father Abel Warren,' as he was familiarly called. Mr. Warren belonged to the M. E. Church and was the pioneer preacher of a large track of wilderness, embracing this and several adjoining counties. He must have been a man of many sterling qualities of brain and heart, judging from the success of his heroic labors and the affectionate remembrance in which he is still held by the surviving pioneers." History of Lapeer County p 33.
"Rev Abel Warren, of precious memory, was the first minister to find his way to this town, and probably preached the first sermon in town. For several years did this noble veteran of the cross visit the people of the town from his home some twenty miles away in the town of Washington. It is safe to say that no

minister since that time has had the love and esteem of this people more than did this faithful and devoted man. In the year 1855 he was preacher in charge on the circuit, which was nearly the last of his ministerial labors. He has long since passed to his reward, and his memory is precious with those who knew him." History of Lapeer County p 101

Historian George Fuller in his book Historic Michigan states that Rev Abel Warren settled in Shelby in the summer of 1824 and lived there for thirty nine years. "Being a local preacher, he made his own appointments, and was at liberty to respond to any call he might receive, where the people desired his services, and such was the demand for them that there was hardly a settlement in eastern Michigan where he was not called at times to preach, either on the Sabbath, or at the funeral of some departed friend. I doubt that if there has ever been

another minister in Michigan so universally respected and beloved by all classes, and people of all creeds, as was Abel Warren, during the thirty-nine years of his life work in Michigan." He was the first man licensed to preach in the State of Michigan. History of Macomb County Leeson 1882.

Rev Abel Warren was a circuit rider who traveled around Macomb County preaching the story of Jesus, marrying many pioneers, speaking at many pioneer funerals and helping to start several churches. He became known as Elder Warren. His warm personality made him many friends. He ministered to the spiritual needs of Warren's early settlers. (from Leeson's History of Macomb County-1882) It is believed he was instrumental in the formation of the first Methodist church of Warren in which his son was one of the earliest pastors. This was the first church of any denomination formed

in Warren. It is highly possible that Warren was named after this well traveled and well loved man.

Abel Warren was well loved and spoken very well of in several historical references. He preached about Jesus in many places around Macomb County and Warren. Barns sometimes had to be used as there were no other buildings big enough where people could meet. He may have performed more marriages than any other local pioneer preacher. His certificates read "By me (signed) Abel Warren Minister of the Gospel".

Historian Wesley Arnold located some of his descendants and they feel that since he was so well respected in the area and that family legends are such that it is very likely that the citizens wanted to honor him by naming the township

after him. First by calling it Aba's (Many of the pioneers spoke different languages and Aba was a mispronouncement of Abel's circuit) then later by calling it Warren's circuit which got shortened to Warren.

They were the pioneers. Most important these were decent, hard working people who first had to face life in the wilderness without any modern things we call necessities. They had to first build a protective shelter to protect themselves from the animals that could kill them. This had to be done before nightfall. They had to obtain water and food from the wilderness as there were no stores or restaurants just miles of woods and swamps with no roads or civilization. They had to be on constant guard against attack not only from animals but also from murderous humans. Then they had to clear land, plant crops, create tools, build better shelters for themselves and their

animals. There was no electricity, no machines, no tractors, no trucks or cars, no plastic or paper products. All cooking had to be done outside rain or shine until a chimney and log cabin could be constructed. A roof had to be constructed that could keep out the rain, cold and protect them from the hoards of mosquitoes. A bed had to be built from native materials and raised off of the floor. Indeed there were hundreds of things that had to be done to create a working farm. It took several years of real struggle. And they succeeded. **They worked to create a better life for their children and grandchildren.** They created schools and churches. They taught good values to their children. Everyone had to pull their own weight. There was no welfare or food stamps. You worked or starved. Sometimes you

worked and still did without. They were law abiding, conscientious decent people that treated others as they would want to be teamed themselves. And they brought no harm to another by their actions or inaction. They should be respected and honored. Since Warren Township was first named Aba the local nickname for Abel Warren and in a short time more formalized to Warren. We think along with historian Harold Stilwell that the founding committee chose Abel Warren the most famous and popular man at that time as the best person to honor by naming their township after him. They all did not read and they probably did not own a book on American war heroes. Abel Warren was well loved and spoken very well of in several historical references. He preached about Jesus in many places around Macomb County and Warren. Barns sometimes had to be used as there were no other buildings big enough where people could meet.

He may have performed more marriages than any other local pioneer preacher. His certificates read "By me (signed) Abel Warren Minister of the Gospel". He spoke at more funerals, he educated people, possibly educated children in the winters and according to several histories was very beloved by local Warren pioneer residents. The Warren City council acting without the above knowledge just picked a name of Warren off of a revolutionary heros list. Joseph Warren who never set foot in our area and was not even known to our pioneers who lived here. Joseph Warren had died 64 years earlier. Joseph Warren was born in Roxbury, Mass. 11 June, 1741; died in Charlestown, Mass., 17 June, 1775 in the battle of The Battle of Bunker Hill in the United States Revolutionary War for Independence. He rode over to Bunker Hill. he was struck in the head by a musket-ball and instantly killed. But our local Abel was not only a war hero

but also actually lived just north of Warren. He settled here years before our settlers and helped them with local survival knowledge and cabin raisings, education for their children, community meetings, Performed more weddings and Officiated at more funerals than anyone else, endearing himself as a local brother, helper and hero to our Warren pioneers. (Much of this is stated in old histories.) In 1838 the five sections of our township that had been taken away were restored and Hickory Township was renamed Aba Township. Eleven months later Aba was allowed to adopt the name of Warren Township. It is most likely that the citizens wanted to honor Abel Warren by naming the township after him. First by calling it Aba (Many of the pioneers spoke different languages and Aba was a nick name and mispronouncement of Abel) then later by calling it Warren. Both of these Warrens were war heroes and had honorable lives and both

deserve to be remembered. But which one was actually the one they named the Township after is not important. Harold Stilwell favored Able. I have copies of newspaper articles to that effect. We know that the pioneers admired their local brother Abel Warren. We are reasonably sure that they did not even know about Joseph Warren. So let's honor both of them. There is room to do this. So let the Warren name honor two great men both named Warren. And let it honor our great pioneer family. It is the right thing to do and it is what the pioneers themselves would have wanted. The following was excerpted from Leeson's History of Macomb County, Michigan, pp.852ff. "The township of Warren was erected under the name of Hickory March 11, 1837. Under an act approved April 2, 1838, all that portion of Macomb known as Sections 12, 13, 24, 25 and 36 in Township 1 north, of Range 12 east, was set off from the town of Orange and annexed

to the town of Hickory. Under the same act, the name of the township of Hickory was changed to that of Aba. It retained this name until March 25, 1838, when it received its present title -- Warren. The first town meeting was held at the house of Louis Groesbeck, April 3, 1837, with Avery Dennison, Moderator; Samuel Gibbs, Clerk; Louis Beaufait, Alonzo Haight and Jenison F. Glazier, Inspectors of Election. Samuel Gibbs was elected Supervisor; Alonzo Haight, Clerk; Louis L. Beaufait, Collector; Harris Corey, Loring Hawley, L. L. Beaufait, Assessors; Peter Gillett, John H. Barton, Loring Hawley, Commissioners of Highways; Northrup Jones and Louis Groesbeck, Overseers of the Poor; James N. Bruce, with Beaufait and Corey, were elected Constables. Avery Dennison, Sam Gibbs, Lyman E. Rhodes, Commissioners of Schools.“.

One could say that The “**Township**” was named after

Abel Warren and that the City of Warren by proclamation of City Council decided that they would honor Joseph Warren for the "**City of Warren**."

Walsh George There were theater groups in Center Line. In 1927 a theater was constructed on Van Dyke in Center Line at a cost of $110,000. It also had an $8,000 pipe organ. It may have become the Liberty Movie Theater later. Alex M Schoenherr was the president, George D Briggs secretary, George Walsh assistant secretary. The Weigand family was also a stockholder in this venture.

Wampler, Joseph, minister who surveyed the Warren area in 1818. He found forests, prairies, brushy areas and wet areas in Warren Township. George H Cannon writes regarding SE Michigan "The field to be surveyed was so extensive, the the settlers so rapidly crowding into the wilderness, that many surveyors were employed and kept in the field. Among those who did a large amount of work in Michigan territory was Joseph Wampler, of Tuscurawas county, Ohio. It would be of interest to

know something of Mr. Wampler's history but, after much correspondence and search, we find nothing definite in relation to him except as appears in the report of his survey. It is a matter commonly understood, among the early settlers, that he was a Methodist preacher but the official records of that body do not disclose his name. However this may be we know that Mr. Wampler was appointed deputy surveyor-general and assigned a contract to survey in the territory of Michigan. The contract bore the date the 18th day of October 1816 comprised the subdivisional survey of eighteen townships in eastern Michigan north of the base line east of the meridian. Described as towns 1, 2, 3, 4, 5, 6 north of ranges 10, 11, and 12 east. Eighteen miles in width ease and west and 36 miles in extent north and south." Cannon notes this was a valuable area well watered and a rich agricultural region." He notes that a year earlier deputies had

abandoned their work stating that the entire county was a lake, swamp or marsh. It was reported that the soil was barren and "Taking the country altogether, so far as has been explored...there would not be one out of a thousand that would in any case admit of cultivation." Wampler, Joseph, was a minister who surveyed the Warren area in 1818. He found forests, prairies, wet areas. "Mr Wampler entered upon his work the February following the date of his contract. In this it was expressly stipulated that no member of Congress has any interest in it. The compensation for this labors, difficult and important work was only three dollars per mile and fraction thereof. At that time the winter season was deemed the best practicable time to make surveys, largely on account of the ease in crossing marshes and meandering lakes which would be frozen over. Previous to entering upon his work his assistants (a marker and two chain men) were

sworn in and subscribed to an affidavit that they would faithfully discharge their respective duties to the best of their ability and agreeably to instructions. This was signed by William Johnson and David Hoorne, as chain men, and by Joseph Clark as marker. Before the survey of the district was completed another set of chain men were sworn in, on Oct 21, 1817. These were Hatsuld Johnson and Francis Dudley, the latter signing by making his mark." Joseph Clark evidently was the marker certified for the entire eighteen towns. Being certified as correct on Feb 3, 1818. (Michigan Pioneer and Historical Collections Volume XVII 1890 History of Township of Shelby, Macomb County by George H Cannon p423, 424) "In connection it may not be amiss to say that, taken as a whole, the survey in Mr Wampler's district was, for those times, quite fairly done. And when we take into account the beggarly compensation of three dollars per

mile for so important a work, the entire want of oversight on the part of any government official as the work progressed in the field—all being left entirely to the honor and integrity of the surveyor--it must be conceded to be a matter worthy of great praise that the work was done so well that the settlers were enabled to locate their land without serious difficulty." Cannon notes that in many other cases other surveyors acquired the habit of returning fraudulent work largely made up of imaginary and fictitious notes. He states "It would appear that even at that early day the government, as well as individuals, had to learn the important lesson that honest work required honest pay and that both were best assured by one's knowledge; that fidelity to duty was by no means impaired by adequate compensation for work faithfully performed." After the survey notes were turned in the land could be put up for sale. Parts of the area were heavily forested, parts

were grassy plains with scarcely any timber, other parts were swampy. (Michigan Pioneer and Historical Collections Volume XVII 1890History of Township of Shelby, Macomb County by George H Cannon p423, 424) (Michigan Pioneer and Historical Collections Volume XVII 1890History of Township of Shelby, Macomb County by George H Cannon p423, 424)

Warren Joseph was a hero of Bunker Hill who never set foot in our area

Warren Abel and Sarah Warren Pioneers (Thanks to Brandon and Challis Warren) Abel Warren was a pioneer and also a war hero who became particularly beloved to the early pioneers and was held in very high esteem so much so that the area near the future village of Warren was called Abe's circuit or Warren's circuit. The area was later named Aba Township and on March 26, 1839 it was renamed Warren Township. Fred Gemmill states in the Official history "Abel Warren was a pioneer Christian circuit

preacher and war hero who became particularly beloved to the early settlers and was held in very high esteem, so much so that the area near the future Village of Warren was called “Abe’s circuit” or “Warren’s circuit.” The area was later named Aba Township and on March 26, 1839 was renamed Warren Township. (Note: This review of Rev. Warren’s life is presented as a means of honoring one of our important citizens, and is not intended to make a statement as to whom our township and city was named after - Editors).“I have fought a good fight. I have finished my course. I have kept the faith” is the inscription on Mr. Warren’s grave marker in Shelby, Macomb County. This nicely depicts a life of service wherein he is said to have married more pioneers and spoke at more of their burials than any other person. His life experiences included service in the War of

1812, where, as a seriously wounded soldier, he was taken prisoner by the British and his near-death made him acutely aware of the value of life. In 1817, he became a Christian and joined the Methodist Church shortly before bringing his wife Sarah to Macomb County and settling just north of Warren. He became a deacon and later an elder in the church, was the first man to preach in Macomb County and was a circuit rider who traveled around the county, speaking, marrying and helping to start several churches. It is believed he was instrumental in the formation of the first Methodist church in Warren, in which his son was one of the earliest pastors. Historian Wesley Arnold located some of his descendants and they feel that since he was so well respected in the area and that family legends are such that it is very likely the citizens wanted to honor him by naming the

township after him, first by calling it Aba's (many of the pioneers spoke different languages and Aba was a mis-pronouncement of Abel's circuit) then later calling it Warren's circuit (which later got shortened to Warren).Reverend Warren, who was born August 3, 1789 in Hampton, Washington County, New York, died on September 5, 1862 in Shelby". By Fred Gemmill **WARREN ABEL** was a **hero** in **War of 1812. Warren Township** was named after him.

just north of the Warren area before anyone else settled in Warren. He helped the early Warren pioneers in this western wilderness.

Warren Sarah pioneer wife of Abel Warren died Dec 6, 1873 age 80 y 11 mo 11 days “She did with what she could” or something like that needs to be read closer Warren Township was probably named after him.

Harold Stilwell favored Able and I have newspaper articles proving that. We know that the pioneers admired the local Abel Warren. We are reasonably sure that they did not even know about Joseph Warren. So let’s honor both of them. There is room to do this. So let the Warren name honor two great men

both named Warren. And let it honor a great pioneer family. It is the right thing to do and it is what the pioneers themselves would have wanted.

Warren, Abel 1789 1862 and Sarah Warren Pioneers (Thanks to Brandon and Challis Warren) Abel Warren was a pioneer and also a war hero who became particularly beloved to the early pioneers and was held in very high esteem so much so that the area near the future village of Warren was called Abe's circuit or Warren's circuit. Warren, Brandon was instrumental in helping this historian locate the true Warren family for whom Warren Township was named. Brandon was a college student with Wesley Arnold as his professor. He offered to help on our local history project.

Unfortunately he died of a brain aneurism when only 22 years old.

Warren, Chalis Brandon's Grandfather who researched and found living relatives of the Warren that the Warren Township was named after. He drove historian Wesley Arnold to see them up in Shelby Township where we found out about Abel Warren. He then drove to the burial place of Abel Warren.

Whitman Walter "Walt" The Warren library located at 30033 Schoenherr Road was named after him. (May 31, 1819 – March 26, 1892) was an American poet, essayist and journalist. A humanist, he was a part of the transition between transcendentalism and realism, incorporating both views in his works. Whitman is among the most influential poets in the American canon,

often called the father of free verse.[1] His work was very controversial in its time, particularly his poetry collection Leaves of Grass, Born on Long Island, Whitman worked as a journalist, a teacher, a government clerk, and—in addition to publishing his poetry—was a volunteer nurse during the American Civil War. Early in his career, he also produced a temperance novel, Franklin Evans (1842). Whitman's major work, Leaves of Grass, was first published in 1855 with his own money. The work was an attempt at reaching out to the common person with an American epic. He continued expanding and revising it until his death in 1892. After a stroke towards the end of his life, he moved to Camden, New Jersey, where his health further declined. He died at age 72. From Wikipedia, the free encyclopedia.

Wiegand There were theater groups in Center Line. In 1927 a theater was constructed on Van Dyke in Center Line at a cost of $110,000. It also had an $8,000 pipe organ. It may have become the Liberty Movie Theater later. Alex M Schoenherr was the president, George D Briggs secretary, I would like to find pictures of the organ and the inside of this theater. Wilke E Board of Supervisors Center Line 1952-53

Wilke Ewald used to drive cattle on foot to Detroit when he was eleven years old to sell them and brought back younger ones to trade to local farmers. All this was done on foot. He married Jennie DeTavernier in 1921. In that same year they opened a meat market in Center Line. Ewald was a Center Line charter commission member in 1936. During the depression when times were tough, they took things in trade and allowed

folks to run up bills including city employees. Everyone paid them back.

Wilke Helen Busch High School 1935-36

Wilke Paul ran a meat market in Center Line with his brother Ewald. During the depression when times were tough, they took things in trade and allowed folks to run up bills including city employees. Everyone paid them back. They sold the market in 1948 to Carl Blahnik and Been Moon.

Wojno Paul Former State Representative, Warren City Clerk 2007 Now State Senator. Sen. Paul Wojno is a

lifelong resident of our great state. He was born in Detroit, and he later moved to Center Line in Macomb County.

Wojno proudly served in the Michigan House of Representatives from 1997 to 2002, and he was vice chairman of both the Regulatory Reform and the Insurance and Financial Services Committees. In addition, he was a member of Health Policy, Judiciary, Oversight and Ethics, and Tax Policy Committees.

He also served as House Majority and Minority Whip. In 2000, Wojno was named Democrat of the Year by the Warren/Center Line Democrats for his involvement in championing issues on behalf of Veteran Services,

Women's Rights, Senior Citizens, Equality and Social Justice, and Environmental Safety.

Prior to the Michigan House of Representatives, Wojno worked as executive administrator for the City of Warren. From 2002 to 2007, he coordinated the district office for State Senator Dennis Olshove. In 2007, 2011 and 2015, Wojno was honored to be elected Warren City Clerk and was nominated by the Michigan Municipal Clerks Association in 2012 as one of the top five municipal clerks in the State of Michigan.

Wojno is a graduate of Center Line High School. He attended Macomb Community College, the University of

Michigan, and earned his bachelor's degree from Wayne State University.

He and his wife, Lisa, live in Warren with their children Kennedy, Bradley and Audrey. They also have three dogs, Daisy, Parker and Buddy.

Wolf, Bernard the first President of Center Line Village in 1925. He was the first child of eight born to Peter Wolf and Matilda LeFever Wolf He was born in 1882 on the family farm located on west side of Mound a quarter mile north of Twelve Mile Road. He became a farmer of crops and livestock. They had an orchard with a cider mill. He and his wife Emma had ten children. General Motors bought the farm and Ben bought a lot on the NE corner of Van Dyke and Warren Boulevard. He started a hardware business there and the family lived upstairs in

1921. In 1918 he was elected Warren Township Supervisor and served through 1921. Ben organized the Center Line State Savings Bank which lasted until the depression in the 1930s. He then built a larger building and went back into the hardware business. His children Catherine, Donald and George ran the business in the 1950s. He also served on the Macomb County Board of Supervisors since 1953.

Wolf, Glenn H was born in Ortonville Michigan in 1905 the son of Samuel and Amelia Kier Wolfe. Completed high school in Ortonville and went to Michigan State Normal College in 1924. Earned a certificate for teaching in 1926. Taught four years in Davison and came to Center Line to teach at Busch High School. He taught Math, shop and was school librarian. He continued his education with summer classes at U or M, U of D and Wayne State University where he got a degree in 1936.He

taught at Sherwood Intermediate School in Detroit from 1937-1966 after 40 years as a public school teacher. He became a co-ordinator of student teaching in Center Line for Western Michigan University.. There he helped 200 teachers become better teachers. He also worked for Grand Valley State College doing the same thing. He also was a school counselor. He married Gertrude Doharty. He served on several boards of educations including the Intermediate Board of Education. Glenn was one of the founders of the Center Line Public Library. He was active on the USO Building Commission and the first director of recreation for the USO. He was a Boy Scout Commissioner. He was selected as Citizen of the Year for 1969 by the Metropolitan Chamber of Commerce. He was an active member of the Celtic Cross Church. The Center Line Public Schools dedicated the

Glenn H Wolfe Junior High School in his name in 1963. Glenn strived to make this a better community in which to reside.

Workens James Public school teacher at Busch School. Served on the Warren Council 1973-1974, 1977-1990 I had James as a Phys Ed and Health teacher. He wanted my family to have a World Book Encyclopedia but we were too poor. He was a nice

person all around. Gary James Lange stated: Found this in my 1968 yearbook so I assume the JV team broke the National record for most consecutive games without a loss that year. That same year (1968) we lost to Fitzgerald to end the streak.
